## Shifting Community Culture via Intentional Stewardship

---

### Skills &

#### Attributes:

Seasoned, and Intuitive Facilitator • Effective Public/Motivational Speaker • Excellent Writing and Communication • Able and Compassionate Manager of Difficult People and Difficult Situations • Effective Task Master • Resourceful Implementer • Patient • Persistent • Passionate • Willing to go the extra mile • Adept at calm observation in the midst of chaos and anxiety ... while having fun.

### Core Beliefs

#### And

#### Intentions:

- I believe that skillful process provides the best guarantee for successful results.
  - ✓ I intend to coach community members to become more practiced in skillful processes that help realize their dreams.
- I believe that the public is not defined by the term 'stakeholder' and vice versa.
  - ✓ I intend to provide full opportunity to involve the public in conversations about matters that affect their lives.
- I believe that the public often operates at a huge deficit due to the phenomenon of the average person not liking, believing or trusting professionals, public officials, and academics: This occurs because of a history of painful experiences where expert information has been used to assuage or even deceive the public.
  - ✓ I intend to coach the public in finding the portal through which important expert information can be accessed while putting aside the blocks of dislike, distrust and disbelief.

the creative ecology of the region.

Representative  
Past  
Clients:

Community Visioning (a sampling)

New Glarus, WI (1991 – 2004)  
Facilitated my signature Interactive Strategic Planning process;  
starting with a full-day visioning retreat in 1991. Resulted in several  
'impossible' accomplishments and the relationship has continued  
over the years to include continuing follow-up involving facilitation,  
coaching, mediation.

Evansville, WI (2000 - Present)

Facilitate the ISP process, starting with an all-day visioning retreat that resulted in addressing many inherent dysfunctions in the community conversation and has produced a complete change in attitude and accomplishments, including several restored downtown buildings, an ongoing organizational construct known as ECP (Evansville Community Partners) and several other initiatives.

New Orleans (2005 – 2006)

Post-Katrina Visioning and follow up for the Pontilly (Gentilly Woods and Pontchartrain Park) Neighborhood. Operating in the very difficult environment of the months following the storm and providing facilitation, coaching and support to residents who opted to stay in New Orleans even though their homes were ruined. Immediate result was an all-day visioning session with some 400 people coming from all across the country and participating in getting focused on the future of the neighborhoods.

Gays Mills, WI (2007-2008)

Providing Facilitation, coaching and mediation skills to community dynamics of the flooding of the Kickapoo River in August of 07 and June of 08.

### Natural Resources/The Environment

Dane County Natural Heritage Foundation

Token Creek Watershed Project (1996-97)

The Foundation wanted to reduce the advent of stream bank erosion and otherwise restore the creek to healthy water temperatures and purity. Using a 'Future Search' model we engaged the people from multiple jurisdictions to look at the future of the watershed.

This project was done as a team effort with Drew Howick of Howick Associates.

Wisconsin Department of Natural Resources

Bureau of Wildlife Management

Deer 2000 (1997- 2000)

An extensive State-wide public engagement process seeking to establish some consensus regarding deer herd management in the State of Wisconsin. The project involved large and small meetings at locations throughout the geographic distribution of the State.

Including responses to in-depth surveys, the project eventually involved some 26,000 people.

Wisconsin Department of Natural Resources  
Bureau of Waste Management (2004)  
Facilitate staff and managers in voicing their concerns and recommendations in a constructive manner, and to assure staff and managers that their comments will be considered in program redesign.

### Comprehensive Planning

Winnebago County Smart Growth Comprehensive Planning Process. (2003)  
The Winnebago County Planning Office had been trying for ten years to get a county-wide comprehensive plan adopted, without success. Two or three attempts had resulted in being voted down by the County Board with the board actually instituting a moratorium on any further comprehensive planning. My role was to engage extremely opposing minds and find common ground. This required visits to every township hall, village hall and city hall. It Resulted in the plan getting adopted.

### Neighborhood Planning

Capitol Neighborhoods – Mansion Hill District (Madison, WI)  
Provided facilitation and visioning consultation at the front end of the planning process for this National and Local Historic District.

Westmoreland Neighborhood (Madison, WI)  
Provided Facilitation and coaching to establish public involvement as this neighborhood prepared to submit a request to the city of Madison for funds to develop a neighborhood plan.

Community  
Service:

Founder of The Center for Community Stewardship (C4CS)  
A not-for-profit organization designed to provide support to grassroots, citizen imitated community improvement projects.
